

6.00 " 20gauge Track Product Specification Sheet

Product Specification: 6.00" 20gauge 2" Deep-Leg Track

Dimensions: Web Width: 6.00" (+/-) .005
 Flange Height: 2.00"
 Gauge: .0295-.033 (20 gauge)

Conforms to:
 ASTM A653 Standard Specification for Steel Sheet, Zinc Coated (Galvanized)
 ASTM C645 Standard Specification for Non-Structural Steel Framing Members

Physical Properties:
